

Using the Docs

Angular API reference can be found at: <https://angular.io/docs/ts/latest/api>.

If you are looking for annotations or decorators, look for the keyword followed by `metadata` .

For example, if you want to look up the Component decorator, you would look for:

`ComponentMetadata` . Below are the common metadata class names:

- `ComponentMetadata`
- `DirectiveMetadata`
- `PipeMetadata`
- `InjectMetadata`
- `InjectableMetadata`

TODO

Common Interfaces

- `OnInit`

TODO

Common Enums

- `ChangeDetectionStrategy`
